50th Wedding Anniversary and Birthday Celebrations

May 12, 2006

It is a great pleasure to extend our heartfelt congratulations on the occasion of your 50th wedding anniversary and birthday celebrations.

Your life story is an inspiration and an extraordinary testimony to the commitment of marriage. As you celebrate this special day, I hope that you will be filled with the special memories of your journey from Switzerland to California and the beautiful family you raised together.

We are also delighted to wish Fred a happy 75th Birthday and Berti a happy 80th Birthday. Throughout your lifetime, you have seen many changes in our world and have been witness to notable developments that have helped shape our recent history.

We know you must be so proud of your wonderful children Madeline, Sonia and Ed and your dear grandchildren Justin, Melissa, Angela, Michelle, Sabrina and Erica – what an incredible family. We join them in offering our best wishes on this special occasion.

Sincerely
